My dear Mr. Wood,
My mother, Mrs.

Fabriskie, has asked me
to tell you that she
would like to have the
collection labelled
"The Andrew C. Fabriskie
Collection of

a Polish Coins & Medals.

Loaned by

Mrs. Andrew C. Fabriskie."

I am sorry to have
kept you waiting for an

answer, but it was several days before I heard from her.

Mr. Jones & I came up to the Numismatic Society yesterday, and were so sorry not to see you, but so much interested in every thing. I think you have my father's collection so beautifully arranged.
Believe me,

Sincerely yours,
Julia Zabriskie Jones.

Dear Madam:

Mr. Wood, who is at present occupied with Jury duty, has asked me to acknowledge your letter of the 15th, and to say that we are preparing labels for the exhibition of your father's collection.

We are also preparing notices for the January meeting of our Society, for which this collection will provide the subject. I hope to be able to send cards for the meeting to you within a few days.

Very respectfully yours,

Secretary.

Dear Mrs. Jones:

I am herewith sending you the catalogue of your Father's collection of Polish coins, which your Mother asked us to have made. This should have been done several months ago, but all during the summer we were most of the time without a stenographer.

I am very sorry not to have seen you when you were up here, and trust that you will come up again and I will have the pleasure of meeting you.

Very truly,

(Enc.)

Curator.
